

Firestarters ... for JESUS

Firestarters in the month of February continue to cover and support the new ministries birthed from Firestarters...FireTalkers, FireWalkers and Wapato Firestarters.

The month was a busy one with Pat speaking & dancing at the Tulalip Aglow meeting. She spoke on the birth of Firestarters and how she and Gary met...it was a Valentine's message. That same weekend was a birthday celebration for Carole Allen at Muckleshoot which we attended. Not long after that, Firestarters hosted Thompson and Wanda Sampson at our Monday prayer gathering. Many were blessed by their wisdom and prayers.

Pat and Gary are both on the separate committees for the NW Native Women & Men's Conference to be held at the Pentecostal Church on Muckleshoot in October.

Puyallup's Church of Indian Fellowship invited us to participate in the series of gatherings about the issue of Race in the Tacoma area. The churches involved include non-native, black and native. The gatherings have been very informative and excellent. Next year, other races will be added like Asian and Korean. God is moving in creative ways to bring down walls and unite HIS church.

We traveled to the Coville Reservation. Gary facilitated a prayer gathering on Saturday evening and spoke at Keller Community Church Sunday morning. An open invitation was extended to Firestarters to come minister anytime.

Gethsemane Ministries invited us to minister at Shelton. We took a team of about 15 people ministering in song, dance, testimony and the word. We love to go to Shelton...the meeting was powerful!

Pat danced and Gary accompanied her with the drum at Seattle First Presbyterian Church. We were well received.

We continue to host our Monday night prayer gatherings. God is bringing in more and more new people, prayers are being answered and we love what we are doing.

Our mothers, children and grandchildren are very much in our hearts and we continue to have family time as time allows.

Thank you for partnering with Firestarters.
